## HUMAN RESOURCES

The employees of the Orangeburg County School District make up the most important resource for providing a quality educational program for the students of the community. It is the goal of the Human Resources Division to recruit and select the very best available candidates for all open positions in the district. The hiring process continues at all levels; administrative, certified and support staff. The members of the Human Resources Division are available to assist individuals with matters related to the employment process or current employment status.

The Human Resource Division has begun the following:

- Placing of all APs, AAs, and Guidance Counselors will be finalized next week and all individuals informed;
- Reviewing a quote submitted by Frontline to utilize the absence management, proactive recruiting, applicant tracking, professional learning management, and time and attendance platforms;
- Submitting information to PEBA to secure one code for Orangeburg County School District for both retirement and insurance benefits.
